

## My Sister Tal Esther Doron

I wish she was here but she isn't. I loved her and she loved me. She'll always be in my heart. She'll always be with me.

In October 2006, Tal got sick and she had to go to Sick Kids Hospital. She had cancer. She came back after 6 months and stayed for 4 months. Eventually, she got sick again...cancer all over her body. We had another 2<sup>1/2</sup> weeks for surviving, but a day after, she was gone. We knew that she was gone that morning. The doctor told us she was already gone when she was lying in her bed and wasn't breathing. She is now alive in Heaven. I don't have to be scared...as long as she's with me in my heart.

Tal was really special because she was very brave. She was always good. She never made people sad. People were always happy, especially her family. I always made her laugh. She was very smart. She knew how to use a computer. She knew how to use a lot of things carefully. She was very good at puzzles. She loved Dora the Explorer, and Go Diego Go a lot. She loved Barbie, Brats, Hello Kitty, and Princesses. Her favourite colours were pink, purple, and green. She also liked orange and red.

Thank you for raising a lot of money for the POGO Run for Tali. It means a lot to me.
